(c) The Cooperative will offer an eligible low-income member the option of paying a deposit required under these rules in 2 monthly installments.

(2) Whenever the Cooperative requests a deposit because of an unpaid account incurred in another household member's name for a time when the member and the other person shared a residence, as described in R 460.109(f) or R 460.110(i), the Cooperative will provide the member with notice of the reason for the request, the Cooperative policy that allows the Cooperative to make the request, and the process for refuting the action.

(3) A deposit that is required due to a disconnect for nonpayment within the past 12 months will not exceed three times the average of the highest 5 months during the previous 12 months.

(4) A deposit that is required as a condition of providing, restoring, or continuing service due to unauthorized use of electric service shall not be more than 4 times the average peak season monthly bill for the premises or 4 times the Cooperative's system average peak season monthly bill for residential service if the member's consumption history for the premises is unavailable. The Cooperative may also require payment of the delinquent account and applicable charges as a condition of providing, restoring, or continuing service if the account is in the member's or applicant's name, is delinquent, owed to the Cooperative, and accrued within the last 6 years.

(5) Unless the applicant misrepresents his or her identity or credit standing, or fails to provide positive identification information, if requested, at the time of applying for service, the Cooperative will not assess a deposit if the member has been in service for 365 days (1 year) or more.

(6) The Cooperative will pay simple interest to each member who is required to make a deposit for the time the deposit is held by the Cooperative. The interest rate will be the rate paid on United States savings bonds, series EE, as of the first business day of the calendar year. The Cooperative will credit interest semiannually to the service account of the member or pay it upon the return of the deposit, whichever occurs first.

(7) The member's credit will be established and the Cooperative will return the deposit and accrued interest upon satisfactory payment by the member of all proper charges for electric service for a period of 12 consecutive months. The Cooperative may retain the deposit assessed because of unauthorized use of electric service for a period of 36 months and shall refund the deposit upon satisfactory payment of the final 12 months' charges.

(8) For purposes of this policy, payment is satisfactory if it is made before the issuance of a notice of shutoff of service for nonpayment that is not in dispute, or within 5 days after the issuance of the next succeeding monthly bill, whichever occurs first.

(9) For members terminating service, if the Cooperative has not already returned the deposit, the deposit will be credited, with accrued interest, to the final bill. For members continuing to receive service, the Cooperative may transfer the deposit to another inactive account with a balance, or to an active account that is not in dispute and has an unsatisfactory credit history. The Cooperative will promptly return the balance to the member if the above conditions do not exist.

(10) The Cooperative will maintain an electronic record of all deposits received. The record will show all of the following information:

PART 4. METER READING PROCEDURES, METER ACCURACY, METER ERRORS AND RELOCATION

R 460.113 Actual and estimated meter reading.

Rule 13. (1) Except as specified in this rule, the Cooperative will provide all residential members with an actual monthly meter reading as defined in R 460.102. The Cooperative may estimate a meter reading only if an actual meter reading cannot be obtained by any reasonable or applicable method described in R 460.102. If the Cooperative cannot obtain an actual meter reading, then the Cooperative will maintain records of the efforts made to obtain an actual meter reading and its reasons for failure to obtain an actual meter reading.

(2) The Cooperative will estimate member bills only when the Cooperative's estimated bill procedures assure reasonable billing accuracy. A bill that is rendered on an estimated basis shall be clearly and conspicuously identified as such. Any substantive changes to the Cooperative's billing estimation procedures shall be submitted to the Board of Directors for approval.

(3) Notwithstanding the provisions of R 460.113 (1), the Cooperative may render estimated bills to seasonally billed members in accordance with tariffs approved by the Cooperative's Board of Directors.

(4) If the Cooperative estimates a member's bill for 3 or more consecutive months, when an actual meter read is obtained the Cooperative will offer the member the opportunity to pay the bill over the same number of months as consecutively estimated bills. This subrule will not apply if the Cooperative is unable to obtain access to the meter and the member fails to provide a meter reading if requested by the Cooperative.

(5) An estimated bill that is generated because the actual read is outside the range for the premises usage will not be issued in consecutive months. If the Cooperative is actively engaged in resolving the problem, an additional 30 days is permitted to correct the problem and obtain an actual meter reading.

(6) If the Cooperative shuts off service due to non-payment, the Cooperative will complete a final read or, if unable to obtain an actual read after reasonable attempts, the Cooperative will estimate the bill.

R 460.114 Cooperative representative identification.

Rule 14. Upon request, the Cooperative representative reading the meter shall provide the member or other household member with appropriate picture identification confirming the representative's employment with the Cooperative.

R 460.115 Member meter reading.

Rule 15. The Cooperative may provide each member with the opportunity to read and report energy usage, provided the member accurately reports energy usage on a regular basis. The Cooperative shall provide postage-paid, pre-addressed postcards for this purpose upon request, or the Cooperative may permit members to report meter readings on a secure Cooperative website, by telephone, or other reasonable means. At least once every 12 months, the Cooperative will obtain an actual meter reading of energy usage to verify the accuracy of readings reported in this manner. Notwithstanding the provisions of this rule, a Cooperative representative may read meters on a regular basis.

R 460.116 Meter accuracy, meter errors, meter relocation.

Rule 16. (1) Meters with actual readings that are rejected by the Cooperative billing system for 2 consecutive months because they are outside the expected range of the member's usage for the premises will be reviewed by a billing specialist, investigated, and, if necessary, the meter will be repaired or replaced.

(2) Meters recording usage inaccurately will be repaired or replaced by the company. Any meter in service that remains broken as determined by a specific test of the meter or that does not correctly register member usage for a period of 6 months or more will be removed and members will not be required to pay bills generated from these meter readings beyond the 6-month period from the date the meter malfunction occurred. This rule does not alter the provisions of R 460.3613 governing the testing and replacement of electric meters.

(3) Overcharges and undercharges due to electric meter errors will be reconciled in accordance with the provisions of R 460.3403 of the regulations governing technical standards for electric service.

(4) The Cooperative may assess a meter relocation charge in any of the following situations:

- (a) The Cooperative shut off service by disconnection at the street or pole because the Cooperative could not obtain access to the meter.
- (b) The member or another responsible adult refused to permit the Cooperative access to the meter on 2 separate occasions, or on a single occasion if harm is threatened, and the Cooperative has documented requests for access and/or requests for the member to perform a meter reading that were refused.
- (c) The Cooperative shut off service due to unauthorized use of electric service or the member acknowledges personal responsibility and the Cooperative bills the member for unauthorized use of electric service.
- (d) The member requests that the Cooperative relocate the meter.

(5) If the Cooperative moves the meter for reasons other than the reasons listed under subrule (4) of this rule, and the member wants the meter placed in a different location than that selected by the Cooperative, then the member shall pay any additional costs.

PART 5. BILLING AND PAYMENT STANDARDS

R 460.117 Billing frequency; method of delivery.

Rule 17. (1) The Cooperative will send a bill each billing month to its members in accordance with approved rate schedules unless the Cooperative and the member agree to another billing interval. The Cooperative will send a bill to members by mail or email unless the Cooperative and the member agree to another method of delivery.

(2) The member may designate a third party to receive bills, shutoff notices, or other communications from the Cooperative on the member's behalf, if the member submits proper identification and confirmation information for both the member and the third party. The receipt of bills by a third party does not make that party responsible for the bills.

(3) Members who use online billing and payment will have the same rights and responsibilities as members who use paper bills and payment by US mail.

R 460.118 Equal monthly billing.

Rule 18. Upon member request, the Cooperative will bill a member with a satisfactory payment history under an equal monthly billing program, as long as the Cooperative's Board of Directors is assured that the billing program assures reasonable billing accuracy. If a member has a credit balance at the end of the program year, that balance will be rolled into the next program year if the member participates. If the member requests, and the balance is more than \$100.00, the Cooperative will return the credit balance.

R 460.119 Cycle billing.

Rule 19. The Cooperative may use cycle billing if each member receives a bill on or about the same day of each billing month. If the Cooperative changes meter reading routes or schedules by more than 7 days, it will provide notice to affected members at least 10 days before making the change.

R 460.120 Payment of bill.

Rule 20. (1) The Cooperative will permit each member a period of not less than 21 days from the date the bill was sent to pay in full, unless the member specifically requests a different payment date. The Cooperative will not withdraw funds from a member's account before the due date in cases where a member uses an automatic bill payment plan, unless the member agrees to a different period.

(a) A member with an unsatisfactory weighted credit history, based on payment history with the Cooperative, may be required to pay the bill within 10 days of the billing date. The Cooperative will notify the member of any such requirement, in writing, at least 30 days in advance of the first billing under this rule.

(2) The Cooperative will not attempt to recover from any member any outstanding bills or other charges due upon the account of any other person, unless that member has entered into a lawful agreement to pay those bills and charges.

(3) The member has the right to pay any delinquent bill at anytime prior to disconnection in order to preserve uninterrupted service. After proper notice of shutoff under R 460.138 and R 460.141 has been provided, it will be the member's responsibility to contact the Cooperative and arrange payment before disconnection.

(4) Members who receive multiple services from the Cooperative may designate how partial payments will be applied to their accounts. In the event of disconnection or pending disconnection of multiple services, the Cooperative will provide the member with an accounting of the member's charges and give the member the option of restoring one or more services with the appropriate payment.

(5) When a member receiving multiple services receives a disconnect notice, the notice will clearly show the member has both of the following options:

- (a) An extended payment plan for multiple services.
- (b) An extended payment plan to retain either of the services as chosen by the member.

R 460.121 Payment period.

Rule 21. (1) The date a bill is sent is the date the Cooperative transmits the billing information to the member. If the last day for payment falls on a Sunday, legal holiday, or other day when the offices the Cooperative regularly uses for the payment of members' bills are not open to the general public, the payment date will be extended through the next business day.

(2) If a member fails to make full payment by the due date, the Cooperative may begin to implement its collection practices including the use of automated telephone calls reminding the member or a third party designated under R 460.117(2) that the bill is past due.

R 460.122 Allowable charges.

Rule 22. (1) The Cooperative will bill each member for the amount of electricity consumed and any other approved charges in accordance with the rates and tariffs approved by the Cooperative's Board of Directors.

(2) The Cooperative may assess a late payment charge not more than 2%, not compounded, of the portion of the bill, net of taxes, that is delinquent. The Cooperative will not assess a late payment charge against a member who is participating in a shutoff protection program described in Part 9 of this policy.

R 460.123 Bill information.

Rule 23. (1) A bill that is transmitted by the Cooperative will state clearly all of the following information:

- (a) The beginning and ending meter readings and dates for the billing period. A member reading his or her own meter will be encouraged, but not required, to provide this information. The provisions of this rule do not apply if the information is not provided by the member.
 - (b) The units of energy consumed during the billing period and the units of energy consumed during the comparable period the prior year. Upon member request, the Cooperative will provide weather-adjusted consumption data to the member or to a third-party designated by the member.

 - (b) No enrollment or usage fees will be assessed to a member who chooses to receive bills or member information online.

- (c) The online billing statement will include, at minimum, all information listed in subrule (1) of this rule.
- (d) The Cooperative will maintain a secure and encrypted site to be accessed by the member of record after completing the secure registration process.
- (e) The Cooperative will require that the member use a password or security question to access the online billing system. The Cooperative will not require the member to use his or her social security number to enroll in or access the billing system.
- (f) Any fees to accept online payments will be clearly displayed in the payment window.
- (g) Any payment made online will be treated as a payment to the Cooperative business office.
- (h) Use of the online system will not restrict the member in using other payment methods. All other payment methods will continue to be available to the member.

R 460.124 Separate bills.

Rule 24. (1) The Cooperative will transmit a separate bill in conformity with the provisions of R 460.123 for service provided at each service location and will not combine 2 or more accounts without written authorization of the member.

(2) Notwithstanding the provisions of subrule (1) of this rule, if there is shutoff or termination of service at a separate residential metering point, residence, or location in accordance with these rules, then the Cooperative will transfer an unpaid balance to any other residential service account of the member. The Cooperative may include charges for other services, such as appliance repair or appliance protection programs, together with charges for electric service on the same monthly bill if the charges for the other services are designated clearly and separately from the charges for the electric service. Failure to pay for other services the Cooperative provides may result in the termination of that service but not the termination of the electric service. If partial payment is made, the Cooperative will first credit payment to the balance outstanding for electric service in accordance with the provisions of R 460.120(4) and (5) where applicable.

R 460.126 Billing error.

Rule 26. The Cooperative will maintain a record of the date the notice was sent.

(2) The Cooperative, upon request, will permit a member to designate a consenting individual or agency to receive a copy of a notice of shutoff.

(3) Not less than 30 days before the proposed shutoff of service to a single-metered dwelling that is used as a residence for 3 or more separate households, the Cooperative will transmit a notice to each dwelling unit that indicates that the member of record, the landlord, has failed to pay an outstanding bill and is subject to shutoff of service on or after a specified date.

- (f) That the member has the right to request a formal inquiry if the member disputes the reasonableness of the settlement agreement offered by the Cooperative, or if the complaint cannot be otherwise resolved, and that the member must pay to the Cooperative that portion of the bill that is not in dispute within 10 business days of the date that the member requests a formal inquiry.
- (g) That the member has the right to represent himself or herself, to be represented by counsel, or to be assisted by other persons of his or her choice in the complaint process.

R 460.140 Time of shutoff.

Rule 40. (1) Subject to the requirements of these rules, the Cooperative may shut off service to a member on the date specified in the notice of shutoff or at a reasonable time following that date. If the Cooperative does not shut off service and mails a subsequent notice, then the Cooperative shall not shut off service before the date specified in the subsequent notice. Shutoff shall occur only between the hours of 8 a.m. and 4 p.m.

(2) The Cooperative will not shut off service on a day, or a day immediately preceding a day, when the services of the Cooperative are not available to the general public for the purpose of restoring service and shall not shut off service on a Friday during the space heating season to a member who has defaulted on a shutoff protection program under Part 9 of these rules.

R 460.141 Manner of shutoff.

Rule 41. (1) For an involuntary shutoff, at least 1 day before shutoff of service, the Cooperative shall make not less than 2 attempts to contact the member by telephone, if a telephone number is available to the Cooperative, to advise the member of the shutoff and what steps the member must take to avoid shutoff. If the Cooperative uses an automated notification system, it shall document the process for ensuring that at least 2 attempts are made to notify the member of the pending shutoff. If the telephone number is not available, the member has no telephone, or the telephone contacts are not made, the

Cooperative will either leave a notice at the premises advising the member that service will be shutoff on or after the next business day or send notice by first-class mail postmarked at least 5 business days before shutoff of service is scheduled. The Cooperative shall document all attempts to contact the member.

(2) Immediately preceding the shutoff of service, an employee of the Cooperative who is designated to perform that function will identify himself or herself to the member or another responsible person at the premises and announce the purpose of his or her presence.

(3) The employee will have in his or her possession a copy of the delinquent account of the member and request any available verification that the outstanding claims have been satisfied or are currently in dispute. Unless the member presents evidence that reasonably indicates that the claim has been satisfied or is currently in dispute, the employee may shut off service.

(4) The employee may be authorized to accept payment and shall not shut off service if the member offers payment in full, together with a Board-approved collection charge for sending the employee to the premises, if as provided in the Cooperative's schedule of rates and tariffs.

(5) The member may pay in any reasonable manner, including personal check, credit or debit card. Payment by personal check, credit or debit card is not reasonable if the member has paid with a personal check, credit or debit card within the last 12 months and at least 1 check has been returned for insufficient funds or no account, or at least 1 credit or debit card payment has been denied excluding financial institution error.

(6) After notice has been provided in accordance with subrule (1) of this rule, and if the member does not respond, the employee may shut off service.

(7) When the Cooperative employee shuts off service, the employee will leave a notice in a conspicuous place upon the premises. The notice will state that service has been shut off, the address and telephone number of the Cooperative where the member may arrange to have service restored, and that any efforts by the member to restore his or her own service are unlawful and dangerous.

R 460.142 Manner of shutoff for service provided with remote shutoff and restoration capability.

Rule 42. (1) For an involuntary shutoff, at least 1 day before shutoff of service, the Cooperative shall make at least 2 attempts to contact the member by telephone, if a telephone number is available to the Cooperative, to advise the member of the pending shutoff and what steps the member must take to avoid shutoff. If the Cooperative uses an automated notification system, it shall document the process for ensuring that at least 2 attempts are made to notify the member of the pending shutoff. If the telephone number is not available, the member has no telephone, or the telephone contacts are not made, the Cooperative will either leave a notice at the premises advising the member that service will be shutoff on or after the next business day, or send notice by first-class mail postmarked at least 5 business days before shutoff of service is scheduled. The notice will conspicuously state that the disconnection of service will be done remotely and that a Cooperative representative will not return to the premises before disconnection. The Cooperative shall document all attempts to contact the member.

(2) If the Cooperative contacts the member or other responsible person in the member's household by telephone on the day service is to be shutoff, the Cooperative shall inform the member or other responsible person that shutoff of service is imminent and the steps necessary to avoid shutoff.

Unless the member presents evidence that reasonably demonstrates that the claim is satisfied or is in dispute, or the member makes payment, the employee will shutoff service.

(3) If the Cooperative mailed the notice of shutoff to the member as provided in subrule (1) of this rule, and if telephone contact with the member cannot be made or if the member did not respond to the notice provided in accordance with subrule (1) of this rule, no further member contact is required on the day service is to be shutoff and the Cooperative will shutoff service.

R 460.143 Shutoff prohibited.

Rule 43. The Cooperative shall not shut off service for any of the following reasons:

- (a) The member has not paid for items, such as merchandise, appliances, or services that are not approved by the Board of Directors as an integral part of the electric service provided by the Cooperative.
- (b) The member has not paid for concurrent service received at a separate metering point, residence, or location.
- (c) The member has not paid for a different class of service received at the same or a different location. The placing of more than 1 meter at the same location for the purpose of billing the usage of specific residential energy-using devices under optional rate schedules or provisions is not a different class of service for the purposes of this rule.
- (d) The member, such as a landlord, has not paid for service used by another person, such as a tenant. The Cooperative may shutoff service, however, in any of the following circumstances where proper notice has been given:
 - (1) If the member supplies a written, notarized statement that the premises are unoccupied.
 - (2) If the premises are occupied and the occupant agrees, in writing, to the shutoff of service.
 - (3) If it is not feasible to provide service to the occupant as a member without a major revision of existing distribution facilities. Where it is feasible to provide service, the Cooperative will offer the occupant the opportunity to subscribe for service in his or her own name. If the occupant refuses, the Cooperative may shut off service pursuant to these rules.
- (e) A member or the spouse of a member who is called to full-time active military service by the president of the United States or the governor of Michigan during a time of declared national or state emergency or war, except as otherwise provided in R 460.150.

R 460.144 Restoration of service.

- Rule 44. (1) After the Cooperative has shut off service, it will restore service promptly upon the member's request when the cause has been cured or credit arrangements satisfactory to the Cooperative have been made.
- (2) When the Cooperative is required to restore service at the member's meter manually, the Cooperative will make every effort to restore service on the day the member requests restoration. Except for reasons beyond its control, the Cooperative will restore service not later than the first working day after the member's request.
- (3) If the Cooperative is using meter technology with remote shutoff and restoration capability, service shall be restored on the day the member requests restoration, if requested during business hours, except in the case of documented equipment failure.
- (4) The Cooperative may assess the member a charge, including reasonable costs, for restoring service and relocating the member's meter as specified in the Cooperative's approved schedule of rates and tariffs.

The information in subrule (1) of this rule may be explained on the member's bill, or provided as a bill insert, or other transmittal. This information will also be posted on the company's website. If the Cooperative does not print an explanation on the member's bill, then the Cooperative shall, on the member's bill, direct the member to the bill insert or other transmittal.

(3) If additional information regarding energy assistance programs becomes available after the Cooperative's initial notice to members, the commission will provide that information to all utilities. Within 60 days of receiving the information, the Cooperative will provide the new eligibility requirements or benefits levels for energy assistance programs to all of its members and the new benefit levels to all members currently enrolled in the programs.

(4) When a member receives a past-due notice from the Cooperative, the Cooperative will provide the member access to information about energy assistance programs referenced in subrules (1) and (3) of this rule, which will, at minimum, include a telephone number of a Cooperative representative able to provide this information.

R 460.147 Medical emergency.

Rule 47. Notwithstanding any other provision of these rules, the Cooperative will postpone the shutoff of service for not more than 21 days if the member or a member of the member's household is a critical care member or has a certified medical emergency as defined in R 460.102. The certificate will identify the medical condition, any medical or life supporting equipment being used, and the specific time period during which the shutoff of service will aggravate the medical emergency. The Cooperative will extend the postponement for further periods of not more than 21 days, not to exceed a total postponement of shutoff of service of 63 days, only if the member provides additional certificates. If shutoff of service has occurred without any postponement being obtained, the Cooperative will unconditionally restore service for not more than 21 days, and will continue the restoration for further periods of not more than 21 days, not to exceed a total restoration of service of 63 days in any 12-month period per household member. Annually, the Cooperative will not be required to grant shutoff extensions totaling more than 126 days per household.

Rule 48. (1) Except where unauthorized use of Cooperative service has occurred, the Cooperative shall not shut off service to an eligible low-income member during the space heating season for nonpayment of a delinquent account, if the member pays to the Cooperative a monthly amount equal to 7% of the estimated annual bill for the eligible member and the eligible member demonstrates, within 14 days of requesting shutoff protection, that he or she has made application for state or federal heating assistance. If an arrearage exists at the time an eligible low-income member applies for protection from shutoff of service during the space heating season, the Cooperative will permit the member to pay the arrearage in equal monthly installments between the date of application and the start of the subsequent space heating season.

(2) The Cooperative may shut off service to an eligible low-income member who does not pay the monthly amounts referred to in subrule (1) of this rule after giving notice in the manner required by these rules. The Cooperative is not required to offer a settlement agreement to an eligible low-income member who fails to make the monthly payments referred to in subrule (1) of this rule.

(3) If an eligible low-income member fails to comply with the terms and conditions of this rule, the Cooperative will shut off service after giving the member notice, by personal service or first-class mail, which contains all of the following information:

(a) The eligible low-income member has defaulted on the winter protection plan.

(b) The nature of the default.

(d) The date on or after which the Cooperative may shut off service, unless the member takes appropriate action.

(e) That the member has the right to file a complaint disputing the claim of the Cooperative before the date of the proposed shutoff of service by calling the Cooperative.

(f) That the member has the right to request a formal inquiry if the complaint cannot be otherwise resolved, and that the member must pay to the Cooperative that portion of the bill that is not in dispute within 10 business days of the date that the member requests a hearing.

(g) That the member has the right to represent himself or herself, to be represented by counsel, or to be assisted by other persons of his or her choice in the complaint process.

(h) That the Cooperative will not shut off service pending the resolution of a complaint that is filed with the Cooperative, its general manager or Board of Directors in accordance with these rules.

(i) The telephone number and address of the Cooperative where the member may make inquiry, enter into a settlement agreement, or file a complaint.

(j) That the member should contact a social services agency immediately if the member believes he or she might be eligible for emergency economic assistance.

(k) That the Cooperative will postpone shutoff of service if a medical emergency exists at the member's residence and the member provides the documentation as specified in R 460.147.

(l) That the Cooperative will require a deposit and restoration charge if the Cooperative shuts off service for nonpayment of winter protection monthly amounts.

(m) That the Cooperative will not shut off service if the member or the spouse of the member is on active military duty.

(4) At the conclusion of the space heating season, the Cooperative will reconcile the accounts of eligible low-income members and permit members to pay any amounts owing in equal monthly installments between April 30 and October 31. The Cooperative will shut off service to eligible members who fail to make installment payments on a timely basis in the manner required by this policy.

(5) Except where unauthorized use of Cooperative service has occurred at a member's premises within the past 2 years and the bill remains unpaid, during the space heating season the Cooperative shall not require an eligible low-income member, whose Cooperative service has been shut off, to pay a fee for restoring service or a security deposit pursuant to the provisions of R 460.109 or R 460.110, before applying for protection under this rule.

(6) Except where unauthorized use of Cooperative service has occurred within the past 2 years at the premises where the member has resided and the bill remains unpaid or safety is a concern, the Cooperative will not require an amount greater than 1/12 of an arrearage owed in order to restore service or initiate participation in the winter protection plan.

(7) Winter protection provisions of these rules do not apply to members who have been shut off or who have a pending shutoff for unauthorized use of Cooperative service within the past 2 years at the member's current premises until all charges are paid in accordance with these rules or satisfactory payment arrangements are made with the Cooperative.

(8) Upon request, the Cooperative will provide members who enroll in the winter protection program with documentation that they are participating in the program.

(9) Bills issued to members participating in the winter protection program will clearly identify the minimum amount that the member must pay to prevent shutoff of service. The Cooperative will bill at higher amounts to recover past due amounts and the Cooperative will encourage members to pay amounts in excess of the minimum, provided that the minimum payment is clearly designated on the bill.

(10) Subject to prior Board of Directors approval, the Cooperative may offer an optional shutoff protection program to its members, provided that the optional shutoff protection program offers eligibility and shutoff protection that meets or exceeds the eligibility criteria and member protections contained in subrule (1) of this policy.

Rule 49. (1) The Cooperative will not shutoff service to an eligible senior citizen member during the space heating season.

(2) At the member's request, the Cooperative will restore service to an eligible senior citizen member during the space heating season without payment of the amount due, deposits, reconnection fees, or other charges.

(3) At the conclusion of the space heating season, the Cooperative will reconcile the accounts of eligible senior citizen members and permit them to pay any amounts owing in equal monthly installments between April 30 and October 31.

Rule 50. (1) The Cooperative will not shutoff service to an eligible military member for a period of 90 days. The Cooperative will continue to provide shutoff protection for at least one additional 90-day period as long as the member meets all of the conditions for an eligible military member and requests the Cooperative to do so. After the close of the last 90-day period, the Cooperative shall require the member to pay any past due amounts in equal monthly payments over a period of up to 12 months.

(2) The Cooperative shall provide the eligible military member with information on payment assistance programs.

(3) The Cooperative, in attempting to resolve the dispute, may employ telephone communication, personal meetings, on-site visits, or any other method that is reasonably conducive to obtaining a settlement.

R 460.152 Formal dispute resolution

If the member and the Cooperative cannot come to an agreement after completing the informal process pursuant to the provisions of P 460.129 and Board Policy 506, an independent arbitrator from the area will be called in to formally investigate the billing dispute, at the Cooperative's expense.

R 460.155 Settlement agreement.

Rule 55. (1) If the Cooperative and the member arrive at a mutually satisfactory settlement of a claim in dispute or if the member does not dispute liability to the Cooperative, but claims the inability to pay the outstanding bill in full, then the Cooperative will offer the member the opportunity to enter into a settlement agreement.

(2) The Cooperative will confirm the terms of the settlement agreement with the member and will send a signed copy of the settlement to the member or the member's authorized representative. The Cooperative will retain documentation of the original settlement agreement for 2 years. In case of a dispute over the terms of a settlement agreement, the Cooperative will have the burden of proving that the member understood and accepted the terms of the settlement agreement.

(3) In negotiating a settlement agreement due to the member's inability to pay an outstanding bill in full, the Cooperative will not require the member to pay more than a reasonable amount of the outstanding bill upon signing the agreement and not more than reasonable installments until the remaining balance is paid.

(4) For purposes of determining reasonableness, the parties will consider all of the following factors:

- (a) The size of the delinquent account.
- (b) The member's ability to pay.
- (c) The time that the debt has been outstanding.
- (d) The reasons that the member has not paid the bill.
- (e) The member's payment history.
- (f) Any other relevant factors concerning the circumstances of the member.

(5) A settlement agreement that is offered by the Cooperative will state, immediately preceding the space provided for the member's signature and in bold print that is not less than 2 sizes larger than any other print that is used on the form:

"IF YOU ARE SEEKING PAYMENT ASSISTANCE FROM A SOCIAL SERVICE AGENCY, SIGNING THIS AGREEMENT MAY PREVENT YOU FROM GETTING EMERGENCY ASSISTANCE. LET US KNOW IF YOU ARE WORKING WITH AN AGENCY. IF YOU ARE NOT SATISFIED WITH THIS AGREEMENT, DO NOT SIGN. YOU MAY FILE AN INFORMAL COMPLAINT AND GO THROUGH THE COOPERATIVE'S DISPUTE RESOLUTION PROCESS BEFORE YOUR SERVICE MAY BE SHUT OFF. IF YOU DO SIGN THIS AGREEMENT, YOU GIVE UP YOUR RIGHT TO ANY FURTHER DISPUTE ON ANY MATTER INVOLVED IN THIS AGREEMENT EXCEPT THE COOPERATIVE'S FAILURE OR REFUSAL TO FOLLOW THE TERMS OF THIS AGREEMENT. IF YOU HAVE AN UNEXPECTED LOSS OR REDUCTION OF INCOME AFTER THIS AGREEMENT IS SIGNED, YOU MAY REQUEST A REVIEW AND MODIFICATION OF THIS AGREEMENT."

R 460.156 Default of settlement agreement.

Rule 56.(1) If a member fails to comply with the terms and conditions of a settlement agreement, the Cooperative will shut off service after giving the member a notice, by personal service or first-class mail, that contains all of the following information:

- (a) That the member is in default of the settlement agreement.
- (b) The nature of the default.

(c) That unless the member pays in full within 10 business days of the date of mailing, the Cooperative may shut off service.

(d) The date on or after which the Cooperative may shut off service.

(e) That the member has a right to request formal dispute resolution, only if the member alleges that the Cooperative has failed or refused to follow the terms of the settlement agreement.

(f) The address and telephone number where the member may file the request for a hearing with the Cooperative.

(2) The Cooperative is not required to enter into a subsequent settlement agreement with a member until he or she has complied fully with the terms of a previous settlement agreement, unless the member demonstrates a significant change in economic circumstances and requests a modification of the settlement agreement as provided by R 460.155(5).

(3) The Cooperative is not required to enter into a subsequent settlement agreement with a member who defaulted on the terms and conditions of an agreement within the last 24 months.

(4) If the member and Cooperative reach a settlement agreement following a notice of shutoff, the failure of the member to abide by the terms of the settlement agreement during the first 60 days of the agreement constitutes a waiver of the notice required by subrule (1) of this rule. The Cooperative will shut off service after notice as described in the provisions of R 460.138, R 460.139, or R 460.142, if applicable.

R 460.157 Same dispute.

Rule 57. The Cooperative may choose not to respond to a member complaint or dispute that involves the same question or issue based upon the same facts, and is not required to comply with these rules more than once before shutoff of service. The Cooperative will provide notice to the member that the complaint has been dismissed under this rule.

R 460.158 Other remedies.

Rule 58. Nothing in these provisions shall be construed to prevent a party from pursuing appropriate legal and equitable remedies at any time.

R 460.169 Scope of rules.

Rule 69. (1) Nothing contained in these rules covering consumer standards and billing practices shall be implemented in a manner that circumvents or is inconsistent with Cooperative rules, orders, or tariffs approved by the Board of Directors to ensure the safe and reliable delivery of energy service.

(2) Upon written request of a person, Cooperative staff, or on its own motion, the Board of Directors may temporarily waive any requirements of these rules when it determines the waiver will further the effective and efficient administration of these rules and is in the public interest.
