A Special Member Meeting is set for 9 a.m. April 23, at the cooperative's Blanchard office**

The board of directors will consider several changes to the cooperative's rates and tariffs at its meeting on April 23, 2012, to be held at the cooperative office at 3681 Costabella Avenue, Blanchard, MI. The meeting will start at 9 a.m. and is open to all members of HomeWorks Tri-County Electric Cooperative.

The session will begin with an opportunity for members to provide direct input to the board of directors, without filing a formal request under cooperative policy. Members are asked to come to the lobby by 9 a.m. and request to speak to the board; staff will direct interested members to the meeting room. Time constraints on each member's comments will be at the discretion of the board president, but members are asked to keep comments to less than five minutes.

The following items will be considered. Members will have an opportunity to address the board on the proposed changes prior to board action.

- 1) Reconcile the 2011 Power Supply Cost Recovery Factor collections. The Power Supply Cost Recovery Factor is applied to Tri-County Electric Cooperative's retail member-customers' monthly kilowatt-hour use. It represents the power supply costs as established by the cooperative in conjunction with Wolverine Power Cooperative. The factor is established annually, and reviewed monthly.
- 2) Reconcile the 2011 Energy Optimization collections. The Energy Optimization tariff is authorized by the State of Michigan under P.A. 295, and is used to fund required energy use reduction measures. The tariff was established in 2009 for the 2009-2011 program years.
- 3) Consider revisions to the cooperative's billing rules.

Notice of changes or additions to the cooperative's rates or service rules shall be sent to all members, as required by P.A. 167, by publication in *Michigan Country Lines* at least 30 days prior to their effective date.
